Republican Rally at Basil.

On Saturday evening last, the "Liberty Wide Awakes" held their first meeting, and we have no hesitation in pronouncing it the best and largest township meeting ever held in Fairfield county. The crowd numbered at least 700. In the early part of the evening Harman Ruess, Esq, of Columbus, addressed the meeting in the German language, and we are told made an sole and effective speech. Before and du Ying the time of Mr. Ruess' speech the "Whisky" boys done everything in their power to disturb and brenk up the meeting by hallowing, whooping, groaning, screaming, and indulging in the worst species of low, dirty blackguardism. We are told that a general row was only prevented by the arrival of the Lancaster " Wide Awakes."

These contemptible attempts to disturb Republican meetings have become too frequent to be tolerated in silence.

They are to be accounted for first, upon the "whiskey" principle, and second, upon the soarness of the broken, disrupted, and distracted enemy who have not too little sense to see and know that the power and spoils of office are passing from them.

After Mr. Ruess closed, C. B. Mason, Esq., of Circleville, took the stand and made an able and telling speech. He proved, from the record, that the Republican party of to-day stood by the faith of the fathers-by the first 60 years practice of the government-where Washington, Jefferson, Franklin, Madison, Adams, Lee. Henry, Randolph, Webster, Clay, all the great lights of the nation had stood before them, and that the bogus Democracy of to-day had shandoned all the great. After the speeches, the Wide Awskes,

The display was magnificent, and the effect, just what was desired—to fill our

the "bogus Democracy, Douglasism," and feet, just what was desired—to fill our friends with hope and enthusiasm; terrify man's friends with hope and enthusiasm; terrify the "bogus Democracy, Douglasism," and to induce, as we have since learned, several of their number to join the "Liberty Township Wide Awakes."

I was induced to make application of tupon my own hair, which had become quite gray probably one third white; my whiskers were of same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon iound it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally diappeared both on my head and face, and as har har resumed its natural color, and I believe more soft and glossy than it has been before for twenty years. I am now airty years old; my good wife at the age of finy-two, has used it with same effect.
